## August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at A. R. Fisher's.

Sold by dealers in all civilized countries.

## A Curious Fact.

It is a curious fact that red haired people are far less apt to go bald than those with other colored hair.

The average crop on the head of a red-haired person is only 29,200 hairs.

Ordinary dark hair is finer and over three dark hairs take up the space of one red one; 105,000 is about the average. But fair-haired people are still better off; 104,000 to 150,000 is quite a common number on scalp of a fair man or woman.

A curious calculation has been made to the effect that the hairs on the head of fair-haired persons, if they could be plaited would sustain a weight of something like eighty tons, equaling that of 500 people.

It takes but a minute to overcome tickling in the throat and to stop a cough by the use of One Minute Cough Cure.

This remedy quickly cures all forms of throat and lung troubles. Harmless and pleasant to take. It prevents consumption.

A famous specific for gripe and its after effects.—A. R. Fisher.

## Good Prospects to Hear the Whistle Again.

There are three brick plants lying idle in this town. The quantity of brick that will be used this coming spring in this city and the demand for it elsewhere, should be an inducement of itself for one of them to start the machinery to rolling. It is whispered that the Patton Vitrified Brick plant will start this spring. The machinery and brick kilns are undergoing repairs, and it is from these conditions we take for granted that the "whistles" of at least one industry may be heard again.

"I think I would go crazy with pain were it not for Chamberlain's Pain Balm," writes Mr. W. H. Stapleton, Herminie, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but Pain Balm is the best medicine I have gotten hold of." One application relieves the pain. For sale by A. R. Fisher, Cloverport, R. A. Shellman, Stephensport.

## Is Baby Too Thin?

If so, there must be some trouble with its food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow; they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoonful of

## SCOTT'S EMULSION

to the baby's food three or four times a day. The gain will begin the very first day you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-five years proves this fact.

## Class Meeting.

A mass meeting was held at Hardinsburg last Monday to adopt resolutions on the assassination of Goebel. There was a fairly representative audience present.

The Hon. D. R. Murray called the meeting to order and nominated Judge T. R. McBeath for chairman, who was unanimously elected.

Henry Matthews was chosen secretary. Judge McBeath on taking the chair said:

"The object of this meeting has been stated, and I regard it as unnecessary for the Chair to indulge in any expressions of condemnation of the cowardly and brutal assassination of one of Kentucky's most distinguished citizens, Gov. Wm. Goebel.

"Assassination cannot in any case be defended from any standpoint either in law or morals. In the murder of Gov. Goebel a great wrong has been done not only to him and his family, but to the great common people whom he loved and whom he has so ably and faithfully served."

The following committee on resolutions was appointed by the Chair. Hon. D. R. Murray, Gen. A. J. Gross, Rev. F. M. Petty, Brown Helm and J. T. F. Owen, who retired to the jury room and reported the following resolutions which were adopted:

## RESOLUTIONS.

WHEREAS, at the hands of an assassin, Mr. Wm. Goebel, Governor of Kentucky, fell at Frankfort, Kentucky, on the 30th day of January, 1900. Therefore be it resolved,

First—That the citizens of Breckenridge county in a mass meeting assembled do hereby express, with the deepest grief at his death and greater horror for the manner of it, our condemnation and denunciation of the assassin and his accomplices, and our greater condemnation and denunciation of those who by overt act, by their counsel or by their conduct aided in his assassination and conspired with his assassin.

Second—We do condemn the policy of those who in order to carry it out, have deemed it necessary to surround those occupying official places, with armed men and desperadoes; we condemn those who would turn the State of Kentucky into a military despotism and gain their ends by means of force of arms, rather than by the law of the land, every lawful and honorable means the discovery and punishment of the assassin and his co-conspirators.

Fourth—We further pledge ourselves to obey the message sent by Gov. Goebel to the great common people.

Fifth—We extend to the family of the martyred hero our warmest sympathy, but say to them the loss to the family is great, but the loss to the great common people is irreparable.

Sixth—We bow to the law which is the only shield and safeguard of the people.

They then reported favorably the resolutions offered by Wm. E. Minor and it was adopted:

WHEREAS, it is alleged and published in the Louisville press, that a prominent minister of the Christian religion has said of the death of Gov. Goebel, "I am sorry the fellow was shot, I wanted to see him hanged";

Resolved, That we deplore and regret that a minister of the Gospel of Peace should ever be charged with utterance of words so contrary to the teaching of the Nazarene, and so contrary to the principles of the Christian Religion, and sincerely hope that no such stain on the ministry of Christ may be fixed, and that no such words be uttered.

It was moved and seconded that a copy of the resolutions be sent to the Courier-Journal, Louisville Times and BRECKENRIDGE NEWS, with the request that they be published and that the secretary be directed to send a copy to the family of Hon. Wm. Goebel, deceased.

The meeting then adjourned.
